

## Introduction

GSM circular cutter can cut sample quickly and precisely, mainly used in the cardboard and paper . It is the ideal auxiliary instrument for the packing ,papermaking and the department of inspection .

## Main technical parameters

Model	ZB-DLD100	WG-1
Sample area	100 cm <sup>2</sup>	
Sample area error	±0.35cm <sup>2</sup>	
Sample thickness	0.1~1.0mm	
Dimension	240*288*435mm	∅140*130
Net weight	25kg	1.8kg
